STUDENT INDUSTRY MENTOR - CONNECT

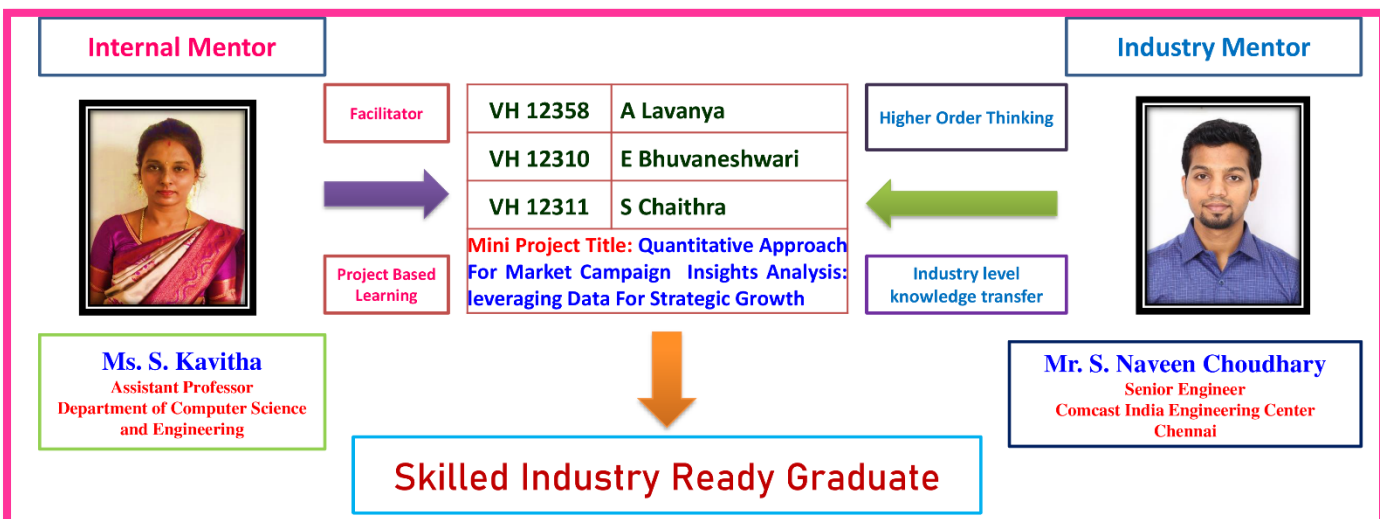

SIMc (Student Industry Mentor-Connect) - bridges the gap between academic learning and industry demands by connecting our students with renowned industry professionals

SIMc – OBJECTIVES

Project-Based Learning: Industry mentors engage our students and review their mini projects that integrate theoretical knowledge with practical application, fostering higher-order thinking and bridges the gap between academia and industry. Through which our student feels the industry environment within the institute itself.

Experiential Learning: Students are exposed to latest advancements in their field of study, gaining industry exposure, solving real world challenges and becoming proficient engineers by frequently interacting (2 Interactions per batch per month) with Industry mentors.

Industry Ready Graduates: Eminent industry mentors are providing practical insights and hands-on experience to our students through SIMc. This mentorship prepares our graduates with the skills and knowledge needed to excel in their career. By connecting our students from II year till IV year (3 Years duration), our students meet industry expectations and becomes skilled industry ready graduates.

Education is not the learning of facts, but the training of the mind to think..

Innovative Assignments (IAs)

Early Engagement and Preparation: Innovative assignment topics are carefully crafted by faculty members and approved by multiple academic heads, ensuring they are aligned with **thrust areas and recent technological advancements**. These assignments are provided to students **15 days** before the review date, allowing ample time for thorough preparation.

Comprehensive Evaluation: The review process includes a detailed assessment of the student's work based on criteria such as **write-up quality (20 marks)**, **presentation skills (10 marks)**, and **viva voce performance (10 marks)**. The innovative assignment presented by students are video recorded, uploaded in google drive, shared to students and their parents through ePR (e-Progress Report). This holistic approach ensures a well-rounded evaluation of the student's understanding and abilities.

Significant Weightage: Innovative assignments play a crucial role in the overall assessment, contributing **40 marks** per course in the semester. This emphasizes the importance of practical knowledge and presentation skills in the academic curriculum.

CREDENTIALIALS BY OUR PLACED STUDENTS

As a member of the **Information Technology (Batch 2025)** program, my curriculum immersion has been both rigorous and rewarding. Through hands-on projects and expert mentorship, I honed my analytical and programming prowess. I earned a distinguished offer from **ADP** at **₹8.8 LPA**, validating my technical acumen and perseverance. This milestone epitomizes the exceptional guidance and opportunities that propelled my professional growth.

Ms. TRISHA M, IT (Batch: 2021-2025), CTC: 8.8 LPA

I embraced a curriculum that sharpened my coding prowess and analytical thinking. Engaging projects and mentorship fostered my growth in emerging technologies and teamwork. I am proud to have earned a placement at **Zoho** with a package of **₹7.0 LPA**, showcasing my dedication and skill. This success underscores the invaluable guidance and opportunities that empowered my journey.

Ms. ALFRED NAVIN S A, CSE (Batch: 2021-2025), CTC: 7.0 LPA

I am proud to have completed my **Computer Science and Engineering (Batch 2025)** with a strong foundation in software development and analytical thinking. The program's practical approach and continuous mentorship helped me grow into a confident and capable professional.

Ms. VIGNESH S, CSE (Batch: 2021-2025), CTC: 7.0 LPA

I'm sincerely thankful to the Management, Principal, HOD, and Faculty members for their support in enhancing my knowledge in my domain. Our college provided valuable learning experiences, including symposiums, competitions, and internships, which boosted our confidence and knowledge exploration

CREDENTIALS BY OUR PLACED STUDENTS

I take immense pride in being part of an institution that has been instrumental in honing my academic and professional competencies. The **Mechanical Engineering department (Batch 2024–2025)** fostered a culture of innovation, technical excellence, and industry readiness. With their unwavering guidance, I secured a prestigious placement at **Hyundai** with an impressive package of **8.05 LPA**. I am deeply grateful for the support and mentorship that empowered me with the skills and confidence to excel in my career.

Mr. KRISHNAMOORTHY V, MECH (Batch: 2021-2025), CTC: 8.05 LPA

I am grateful for the transformative learning experience that strengthened both my technical expertise and personal growth. The **Computer Science and Engineering department (CSE)** provided me with the skills and mentorship needed to thrive in the tech industry. With dedicated support, I secured a prestigious placement at **ADP** with a package of **₹8.8 LPA**. This achievement reflects the guidance, opportunities, and encouragement I received throughout my academic journey.

Mr. M Z BADUSHA , CSE (Batch: 2021-2025), CTC: 8.8 LPA

My academic journey in the **Artificial Intelligence & Data Science department** has been both enriching and inspiring. With a strong foundation in emerging technologies and continuous mentorship, I was able to grow immensely. I am proud to have secured a placement at **Securin** with a package of **₹8.0 LPA**, a milestone in my career. This achievement reflects the dedication, support, and opportunities that shaped my success.

Mr. KARTHIKEYAN J, AI & DS (Batch: 2021-2025), CTC: 8.0 LPA

My tenure in the **Information Technology department** fostered a rigorous understanding of contemporary IT frameworks and practices. Guided by expert faculty and collaborative projects, I honed critical thinking and technical proficiency. I am honored to have received placement offers from **TCS (₹7.0 LPA)** and **Tech Mahindra (₹5.0 LPA)**, underscoring my readiness for the industry.

Achieve Dream Jobs in Top MNCs

Advanced Infrastructure and Learning Environment: All Computer labs are equipped with the latest configuration core i7 high-performance computing systems, latest software tools, and high speed internet connectivity.

Research and Innovation Hub: Our faculty and students are actively engaged in cutting-edge research activities and published research articles in reputed SCI/Scoups journals and conferences. All the departments having a strong focus on innovation, and carrying out various projects in areas of artificial intelligence, machine learning, cybersecurity, IoT, Block Chain, data science and many other frontier areas.

Industry Collaboration and Career Development: The Computing department maintains active collaboration with leading tech companies, offering students numerous opportunities for internships, workshops, industry-sponsored projects and placements. Our career development programs include coding, bootcamps, hackathons, and mentorship initiatives which help the graduates to become industry ready engineers.

- ✦ Centre of Excellence (CoE) in AI & IoT was established in 2023 which was funded by AICTE, New Delhi. Over 25 Lakhs worth of high performance AI & IoT enabled hardwares, computers, sensors and softwares are available in the CoE.
- ✦ Students can design and develop AI & IoT related projects using AI/IoT enabled development boards such as Raspberry PI, NVIDIA Jetson Nano and ESP8266.
- ✦ Sensors related to various AI/IoT applications such as home monitoring/automation, environmental monitoring, agriculture monitoring, gas analyser, industrial automation are available. Cameras, GPS/GPRS and OLED display are also available.
- ✦ Students can build AI/IoT related softwares using MATLAB R 2024a (Campuswide license), Python and R programming languages.

Centre of Excellence for Computational Methods in Chemical Engineering

- ✦ Centre of Excellence (CoE) for Computational Methods in Chemical Engineering (CMCE) was established in 2022 from the fund received through AICTE MODROBS SCHEME, New Delhi.
- ✦ CMCE-CoE is equipped with ASPEN PLUS and ASPEN HYSYS simulation software having 150 licenced user access and 100 virtual simulating modules required for modelling new and exciting processes such as distillation column, heat exchangers, reactors, etc..
- ✦ Students are utilizing the steady state simulation in their mini project and project work for process flow development, plant simulation, design and optimization studies which help them to understand/familiarize the real time processes and troubleshooting.

Idea Lab

We are proud to announce that our institute has been awarded **₹1.5 Crore funding by AICTE (All India Council for Technical Education)** under the prestigious **AICTE-IDEA Lab Scheme**. This initiative is a significant step toward promoting innovation, creativity, and practical skill development among students empowering them to launch **STARTUPS** or enhance their employability
